

Psychometric Stream Selector Test

www.rightsaim.com

WHY IS IT IMPORTANT?

- Choosing a stream after Class 10 is one of the biggest decisions in a student's academic journey. This test ensures that the decision is made with clarity, not confusion.
- The test is important because it helps you:
- Know yourself → Choose wisely → Succeed happily

ELIMINATES CONFUSION

Many students feel lost when asked:

"Should I take Science,
Commerce, or Arts?"

This test provides scientific guidance instead of guesswork.

AVOIDS PEER & PARENTAL PRESSURE

Sometimes students choose a stream because:

- Friends are doing it
- Parents suggest it
- It "sounds better"

MATCHES YOUR STRENGTHS WITH THE RIGHT STREAM

- What you're good at (aptitude)
- What you enjoy (interest)
- Who you are (personality)

MAKES YOU AWARE OF CAREER OPTIONS

Most students know only 4–5 careers.

This test introduces 20+ career fields that align with your profile — many you might never have considered!

HOW DOES THE PSYCHOMETRIC STREAM SELECTOR TEST WORK?

Student Takes the Test

- The student answers a series of multiple-choice questions.
- Questions cover aptitude, personality, interest, emotional intelligence,.

System Analyses the Answers

- The system uses psychological algorithms and career mapping tools.
- It compares the student's profile with data from successful professionals.

Generates a Detailed Report

The test generates a personalized report showing:

RightsAim

Choosing a stream after tenth grade is a crucial choice that affects a person's career. Others discover later that their decision was a mistake, which leaves them with little options or forces them to start over.

Final Stream Selection

- Student makes a confident and informed decision about which stream to choose.
- Backed by logic, not pressure

Stream-Career Alignment

The test doesn't just suggest a stream — it also links each stream to real-world career options.

Identifies Gaps

Areas that need improvement

- trengths you can build on (e.g., high verbal aptitude)
- Suggestions for self-improvement

A trained career counselor or mentor explains the report in simple terms.
Helps students and parents understand the results
